REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art teaches related logical volume systems, but fails to teach the combination including the limitations of:

(Claim 30) "...wherein said first storage device and said second storage device change said first information, said second information, said third information and said fourth information based on at least one command sent from said second information targeted to said fourth logical volume, if said first information processing device has a failure";

(Claim 48) "...wherein said second controller, after changing said third information and said fourth information, receives data sent from said second information processing device to said fourth logical volume and stores said data sent from said second information processing device in said fourth logical volume and stores data corresponding to said data sent from said second information processing device in said third logical volume and transfers said data stored in said third logical volume to said first storage device";

(Claim 54) "...wherein said first storage device and said second storage device change said first information and said second information based on at least one command sent from said second information processing device so that said second information processing device sends data targeted to said fourth logical volume, if said first information processing device has a failure";

(Claim 62) "...said fourth logical volume functions as said primary logical volume, if said second information processing device functions as said primary information processing device, said third logical volume functions as said transferring logical volume, said second logical volume functions as said receiving logical volume, and said first logical volume functions as said secondary logical volume. wherein said storage system is changed from said first status to said second status based on one or more commands sent from said second information processing device.

(Claim 70) "...said fourth logical volume functions as said primary logical volume, if said second information processing device functions as said primary information processing device, said third logical volume functions as said transferring logical volume, said second logical volume functions as said receiving logical volume, and said first logical volume functions as said secondary logical volume, and wherein said storage system is changed from said first status to said second status if said first information processing device has a failure".

Claims 31-42, 44-47, 49-53, 55-61, and 63-69 are allowed as being dependent upon, and thus incorporating therein, the allowable subject matter of the respective parent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
